02. BRIEF REPORT OF THE INSTITUTE

“A Leader is one who knows the way, goes the way and shows the way”. Such a leader thought of Rural development way back in 1982 is none other than **Paramapoojya Dr. D. Veerendra Heggadeji**, Dharmadhikari of Shree Kshethra Dharmasthala with his noble cause for helping the unemployed youth of this country started RUDSETI (Rural Development and Self Employment Training Institute) The Dharmasthala Manjunatheshwara Educational Trust. Along with the support by two of the leading nationalized banks; Syndicate Bank and Canara Bank, at a place called Ujire in Dakshina Kannada, in the year 1982. As Benjamin Franklin said “Either write something worth reading or do something worth writing which became true in case of RUDSETI now being a replicable model to all established RSETIs in each district of the country”.

In the year 2008-09 Ministry of Rural Development (MoRD) Govt. of India accepted the concept of RUDSETI and started **RSETI** (RUDESTI Model Replicated as RSETI), **as of now 591 RUDSETI/RSETI functioning Across the Country.**

As rightly said by Sri Robin S. Sharma “Visionaries see the ‘impossible’ as the inevitable”. Such a vision gave an institutional framework in the form of Rural Development and Self Employment Training Institute. In short RUDSETI which trains the unemployed youth and empowers them to become self-employed. As rightly said by Frederic Jolicoit-Curie “The experiment should be set up to open as many windows as possible on the unforeseen”. RUDSETI at present has a bunch of 27 branches spread across 17 states of the country. RUDSETI has now become buzz word in the country since it is playing a tremendous role in mitigating unemployment problem.

The RUDSETIs roots are in Siddhavana, a place which is widely known as “Tapobhoomi” where a number of famous Institutions pertaining to Shree Kshethra Dharmasthala had a humble beginning and now become a landmark. Similarly RUDSETI also had a humble beginning in the campus of Siddhavana Gurukula, Ujire in Dakshina Kannada in the year 1982. The main objective of RUDSETI is to identify, train and motivate the rural unemployed youth to take up self employment activities. The Institute has walked down an illustrious path of 42 years and has shown consistent success in the field of Rural Entrepreneurship Development.

As rightly said by Sri Albert Einstein “A theory can be proved by experiment, but no path leads from experiment to the birth of a theory”, RUDSETI worked on the same line and it plays an important role in identifying and developing hidden competencies, traits, talents and in escalating the youth to become self-reliant and determined by transforming them into responsible citizens of the nation by its unique interventions.

The institute has many achievements to its credit. Since Inception 917 batches of self-employment training have been conducted to train 27052 candidates out of which 2625 are S.Cs, 1834 are S.Ts, 15503 are B.Cs, 2687 are Minority community members, 7964 Women beneficiaries and 142 are physically challenged persons. Cumulative settlement of candidates stands at 19152 (71%) thus reaching another milestone.

Over the years, the institute has come up with good infrastructure facilities such as audio visual and teaching aids, library for the candidates, classrooms and canteen facility etc., in making the training successful. The institute is instrumental in developing course modules and conducting training programmes in collaboration with esteemed organizations during the past 41 years. Institute has provided 19152 successful entrepreneurs skilled workers to the nation thus helping nation to eliminate the problem of unemployment and alleviate poverty and realise productive human resource in building the nation. The computer training centre and audio-visual room in the institute premises is fully utilized for imparting computer DTP, Tally, Hardware and Networking Training Programme and also for software training in cell phone repair training.

The Institute has so far conducted 917 programmes successfully with a settlement rate of 71%. The year 2023-24 was the year of pleasing recollections for the Institute since it witnessed the visits of eminent personalities in the campus.

Directors of RSETIs sponsored by different nationalized banks, officials from NABARD and representatives from NGO'S visited the Institute to have first hand information and experienced the functioning of the RUDSETI Model. This apart, many VIPs, Executives of different banks and bureaucrats visited the Institute and interacted with us and trainees including successful alumni and appreciated the efforts of the sponsors in helping the unemployed youth through RUDSETI by providing skill training and hand holding support.

08. ENTREPRENEURSHIP AWARENESS PROGRAMMES

The institute conducts regular Entrepreneurship Awareness Programmes (EAPs) to orient the youth towards the self-employment as an alternate career. The Command area of the Institute now covers only Dakshina Kannada district. Director and faculties conduct awareness camps in the command area and identify the target groups. The guidance provided in these camps inspires and promotes interest among the participating youth to go for self-employment. The motivated youth enroll for various training programmes according to their areas of interest. Many colleges, voluntary organizations, Government bodies, SHG Groups, Branches of the Sponsor

Banks and ASARE, Ujire are closely associating in successful conduct of these programmes.

This year we could conduct 105 such camps in and around our command area. These EAPs have benefited 5435 participants and helped in generating large number of applications. Apart from the sponsor banks & ASARE, other voluntary organizations like Colleges, Rotary Clubs, SKDRDP and students of MSW from various colleges have extended support and helped in conducting such EAPs. Details of EAPs conducted during the year are presented here below.

09. FOLLOW UP

The post training escort service called Follow up is the most distinguishing feature of RUDSETI model of training. It gives maximum importance to this function and spares considerable amount of time to follow-up the trainees for a minimum period of two years after the training. It involves meeting the candidates personally within 90 days from the training period this helps the Institute to track the progress of the trainees. The follow up system has been coordinated with various agencies for assisting the trainees in setting up of self-employment venture. Follow-up helps the trainees to sustain motivation level and set up their projects at their earliest. The various modes of follow up are through correspondence, individual contacts, meetings at village, taluk and district

levels. During the process, the trainees are provided with valuable suggestions with suitable counselling wherever needed. This system enables the institute to assess the impact of the training and the progress made by the trainees and also problems faced by the trainees particularly with regard to availability of finance. RUDSETI is the sole training organization which facilitates the credit linkage with the banks and also business linkages for the budding entrepreneurs.

During the year Institute has organized 184 follow up meets and met 1471 trainees and recorded their progress through spot visits. The performance under the captioned parameter is highlighted in the following table.

11. SHARE OF WEAKER SECTIONS

One of the primary objectives of the institute is the welfare of the weaker sections and downtrodden people of the society. The selection of the candidates is done with due consideration of the above objective. The institute has conducted women specific programmes this year also. During the course of training, special

emphasis was given to the welfare schemes of State and Central Government and various other departments. Out of 762 candidates trained during the year, 714 were from weaker sections of the society comprising 94% of the candidates trained. The details are furnished in the table.

15. IMPRESSION/S OF THE VISITOR/S

It gives me immense pleasure to record my experience of visiting the 1st RUDSETI at Ujire today. The entire ecosystem including the infrastructure, faculty, trainees are well organized and well performing. I witnessed a batch of Computer Desktop publication. I found assessors doing their job religiously. On interaction with faculty and trainees, it has been found that they are well informed. All the best wishes to the entire team.

Sri Santosh Kumar Tiwari
Director, (Skills) MoRD, New Delhi

The Institute of RUDSETI is well organized and well managed by Canara Bank and Dharmasthala Trust. Training programme is on going and well managed, Institute is very neat and clean.

Sri Shiv Soni

Worth visiting the institute with a pleasure and Happy atmosphere. The greenery, cleanliness and hygiene is a plus point for the institute. Staff dedication is very best, Wishing the staff and Institute all the best. A small idea needs the guidance of Sri Veerendra Heggade spread to the entire country contribution skilled nation of India.

Sri. M Bhaskara Chakravarthy
General Manager, FI Wing, Canara Bank Bengalore.

On the way to CIBM Manipal, as a passion to know how new entrepreneurs are trained. Met Mr. Suresh Director along with his faculty and Mr. Giridhar ED, RUDSETI. Nice to interact with them and one batch of trainees out of three batches. Advised trainees to learn and understand the topic for which they have decided to be entrepreneur. Banks will assist for their dream settlement wherever they feel, their success is banks / institutions satisfaction, all are molded properly in the institute. Wish RUDSETI team a success in their endeavor.

Sri Shreekanta Mahapatra
General Manager, Canara Bank HO, Bangalore

Visited to the institute with family and I came to Dharmasthala for lord Manjunatha darshan, Since I am interested in rural Development activities as a AEO promote GM thought of spending some time in this institute. ED of the institute Mr. Giridhar Kallapur and his team invited and welcomed wonderful hospitality. Took me to all 3 batches undergoing different trainings, interacted with them and experienced so much happiness. Advised them to have strong will power and self confidence in life and utilize the training program for their future benefit. Good facilities, dedicated faculties, wonderful administration impressed me, Extended training classes with self-interact of trainees wonderful. Wishing all good success and institute to give life to many in future.
